A. Organized Group Declaration

Organized groups are among the parties obligated to report ownership or changes in ownership of Public Company shares under Financial Services Authority Regulation (POJK) No. 4/2024. This report is submitted by one of the shareholders appointed to represent the organized group. Therefore, the representative should first declare their group in AKSes 3.0 before completing the report form so that the application can recognize the organized group's members' details.

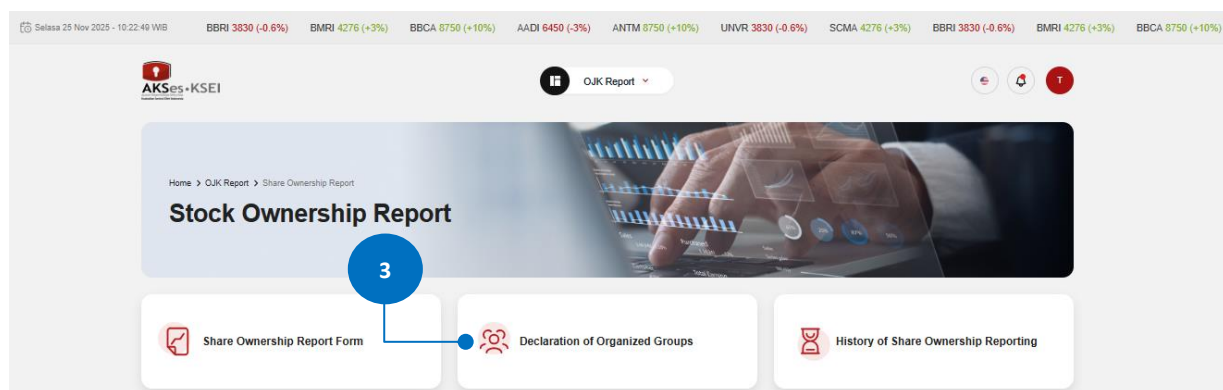

In this case, an “organized group” refers to parties that make plans, enter into agreements, or reach decisions to work together to achieve specific goals. For example: there are three shareholders, namely A, B, and C, who form an organized group. The party representing the organized group, for example, A, reports on the overall Share Ownership of the organized group.

The following are the instructions for declaring an organized group on AKSes 3.0:

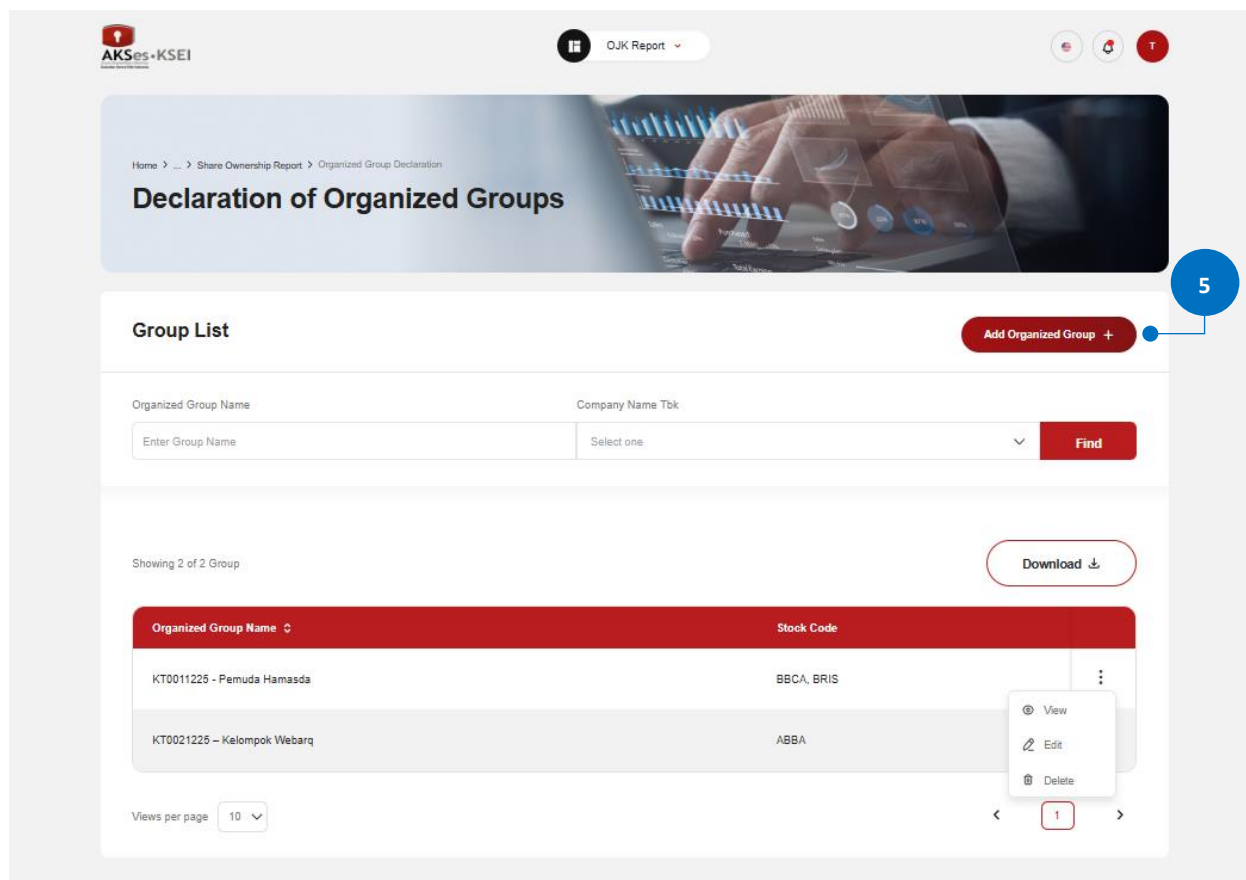

1. Please log in to AKSes first to access Share Ownership Reports. Login instructions can be found in the **Login for Investor & Registered User** guide.
2. Click the “Stock Ownership Report” menu on the landing page.

3. Click the “Declaration of Organized Groups” menu.

4. The screen will display the “Declaration of Organized Groups” page as shown in the image below:

5. Click the Add Organized Group + button to declare the organized group.
6. Then, fill in the required data on the form:
 - a. **Organized group name:** Enter the name of the organized group.
 - b. **Organized group description:** Enter the organized group's description.
 - c. **Public Company Name:** Select the public company name, for example: AALI - ASTRA AGRO LESTARI Tbk. You can add more than one Public Company by clicking **Add Shares**.
